#### **ABOUT BUECI**

BUECI is in our 57th year! We provide electric production and distribution, natural gas distribution, water production and distribution, wastewater collection and treatment.

- The natural gas distribution system is comprised of approximately 1,400 meters. We do not operate transmission lines or the local gas field.
- Natural gas distribution represents about 8% of the revenue of the Cooperative.
- The garage is responsible for maintaining all the vehicles and equipment for the Cooperative including 31 vehicles which have been converted to CNG, and about 30 pieces of equipment.
