

APA Commitment to Continuous Safety Improvement Award

DEADLINE: June 10, 2022

Name of utility or company making the nomination: _____

Contact Name: _____

Phone Number: _____ E-mail: _____

Nominee for the Commitment to Continuous Safety Improvement Safety Award: _____

Please attach backup material telling us why this nominee deserves the award.

Award Criteria and Eligibility: The “Commitment to Continuous Safety Improvement” safety award will be presented to a utility that has developed and implemented a safety process or improved upon an existing safety process that has had a positive impact on safety and/or health within your organization or community. Award recipients may include individual employees, departments, shifts, teams (safety committee), supervisors, etc., or the organization as a whole.

Describe the Challenge: Provide a description of what safety risks and challenges were present prior to the implementation of the new or improved process. Applicants are encouraged to provide visual examples with this written description.

Describe the New or Improved Safety Process: Provide details of the positive impact this improvement has had on the safety or health of your organization, department, or team. Applicants are encouraged to provide visual examples with this written description.

Details and descriptions to consider providing:

- Explanation of how this process filled a void or changed thinking and practices.
- How the effectiveness of the improvement was measured.
- Employee and/or community involvement.
- Hazard assessments used to help identify solutions.
- New hazards or challenges that have been identified because of this new process.
- Other outstanding criteria that you feel highlights the nominated individual, group, or company.

Questions? Contact Don Maynor at (907) 771-5707. **Deadline: June 10, 2022**
